In the article by Bryan T. Alexander and colleagues, titled “Treatment and Clinical Outcomes of Urinary Tract Infections Caused by KPC-Producing Enterobacteriaceae in a Retrospective Cohort” (*Clin Ther* 2012, 34:1314–1323), the first sentence of the Conclusions section of the Abstract was changed from “Although receipt of appropriate therapy was delayed in many cases, clinical outcomes investigated high rates of successful response in this defined group of patients.” to “Although receipt of appropriate therapy was delayed in many cases, clinical outcomes investigated **revealed** high rates of successful response in this defined group of patients.”

The correction has been made to the article online.

In the article by S.M. Kang and colleagues, titled “Comparative Efficacy and Safety Profile of Amlodipine 5 mg/Losartan 50 mg Fixed-Dose Combination and Amlodipine 10 mg Monotherapy in Hypertensive Patients Who Respond Poorly to Amlodipine 5 mg Monotherapy: An 8-Week, Multicenter, Randomized, Double-Blind Phase III Noninferiority Study” (*Clin Ther.* 2011;33:1953–1963), the name of one of the authors was spelled incorrectly. The name erroneously appeared as Jin Won Jung online and in print. The correct spelling of the author’s name is **Jin Won Jeong**. The authors regret this error.
